

AGS – International Special Interest Group Open Forum
Saturday May 14
7:30 -9:00 am

Featuring a dialogue on academic and community global geriatric partnerships/programs to promote the exchange of ideas and practices among all international attendees. Come share your ideas and activities. You may include sharing of handouts by participants, if desired. The purpose of this open forum is to brainstorm ideas and task force for the AGS – SIG.

Agenda:

7:30 to 8:00 am Invited Speaker:

"Shanghai, Aging population challenges the health system". Danni Xiang, MD, Huadong Hospital, Fudan Univeristy.

8:00 0- 9:00 am Open Forum:

1. To identify areas of expertise available among the international members for geriatric care and education development projects globally.
2. To identify partners who work in similar interests and areas of aging needs in international projects.
3. To function in a consultative capacity to match available expertise to grant application needs
4. To report other related activities as appropriate to the mandate of the SIG.
